## **Safety and Security Guidelines**

The information below is to ensure that we have the safest and smoothest Israel experience possible. Thank you for your cooperation!

### **General Safety and Security**

Security personnel will be present at all events, activities and on each bus.

If you know you will not be attending any of the events or activities during the Mission we need to know in advance so as to update our security personnel with accurate participant numbers. This will also cut back on unnecessary waiting time if we know which participants will not be departing with the group in the morning or traveling with the group at any point during the day.

If you will be using a cell phone in Israel please share the number with us in case we need to get in touch with you for any reason while in Israel. If you have a number already please email it to us. Otherwise, we will request it from you upon arrival in Israel.

### **Transfers & VIP Service**

We are happy to provide VIP service upon arrival in Israel to all Mission @ 60 participants to help ease the fatigue of travel and to help you move quickly through the airport baggage and custom lines.

A Mabat representative will meet you with a sign with your name at passport control. The representative will escort you through customs, assist you with luggage pick-up, and take you to your driver. VIP custom assistance will be provided for all participants upon arrival but not departure.

Land transfers are included for all participants to and from the airport.

If you wish to have departure VIP assistance it is available for an additional fee of \$130 for 1 to 4 people departing on the same flight, and \$25 for any additional traveler on the same flight.

Arrangements for this service can be made through Malka Drucker of Mabat Travel, email [malka@mabat.com](mailto:malka@mabat.com) , telephone 972.3.961.8940 (In Israel, 03.961.8940).

### **Switching Tracks**

Because of security and logistical concerns there will be no switching tracks during the Mission.

Every track leader and security personnel will have a list of participants expected on their particular bus, and access to each bus will be restricted to people on this list.

### **Insurance**

**Travel Coverage:** If you wish to buy insurance for travel in Israel we are happy to offer recommendations. Mabat Travel recommends the services of Travelex, [www.travelexinsurance.com](http://www.travelexinsurance.com) T: 1-800-504-7883. The UJC recommends Gil Travel, <http://www.giltravel.com> T: 1-800-223-3855. Feel free to use any provider you like as these are only recommendations. Of course feel free to choose your own provider.

**Medical Coverage:** We suggest each Mission participant check with their provider to make sure they have medical coverage overseas. Should the need arise in Israel, the hotel concierge can provide a house doctor, and private emergency rooms operate in major cities. Medics will also be present with the group during all activities and events.
